The above referenced Debtor(s) declare under penalty of perjury of the laws of the State of Washington as follows:

I am the debtor in the above referenced case. My income has been severely affected by COVID 19 as I am a Pastor and receive income from donations by my congregation but with the CDC and Governor Inslee's stay at home orders we have had no services and my income has been nonexistent.

I ask that the Court allow me to modify my Plan due to this economic hardship and to extend the payments out to an 84 month Plan as set forth in 11 USC Section 1329(d) of the CARES Act.
